The Utah Procurement Code provides that a procurement may be made without competition when the University determines that there is only one source that can reasonably meet the University’s need for the required supply or service, as described in **Utah Code Ann. § 63G-6a-802**.

The Purchasing Department has received the following request for sole source procurement:

**Product and/or Service to be purchased:** Intersect Connection – 1 year Subscription Renewal  
**Sole Source Supplier:** PowerSchool  
**Earliest Proposed Purchase Date:** 1/13/2022  
**Buyer Name:** ██████████

**Sole Source Justification:** The marketing services being purchased operates within the PowerSchool Naviance platform, which is a proprietary system, that no other company has access to. There is unique group of prospective students who are only in the PowerSchool Naviance platform. We have spoken with several vendors where we can reach out to prospective students. Each vendor has their own proprietary website or database where select students can be reached.
